Sir, In reply to your letter regarding vehicle ML05 USJ being over age for relicensing, I would like if possible for the decision to be re-considered.

The vehicle in question has only done 86,000 miles and is in excellent condition mechanically, having just gone through the mot and taxi test with no problems. The bodywork and interior are also in excellent condition.

As you will appreciate, when the car is off the road it is not making money! Awaiting your decision,

Yours Sincerely
