Internal Audit Interim Report as at 27 th November 2009	N/A	G. Barclay C. Ware	4

SUMMARY AND LINK TO CORPORATE PRIORITIES

The purposes of this report are:

- to advise members of the work undertaken since the last meeting in respect of the Annual Internal Audit Plan 2009/10 and to comment on the results
- to give an appraisal of the Internal Audit Service's performance to date
- to inform members of any other developments involving or impacting upon the work of the Internal Audit Service.

The report links with all of the corporate priorities, in particular to be an 'efficient, effective and exceptional Council'.

RECOMMENDATIONS

That Members note the report.

That the Committee approves the deferment of several audits to 2010/11, as noted below and for the reasons stated.

DETAILS AND REASONING

Background

This is the second interim progress report for the current financial year and covers the period between 28th August 2009 and 27th November 2009.

Internal Audit Plan

Appendix 1 to this report provides a "snapshot" of the overall progress made in relation to the 2009/10 Internal Audit Plan, indicating which audits have been completed, those that are in progress and those that have yet to start. Appendix 1 also shows the time planned and actually spent on individual audits.

At this stage the majority of the planned work is on course to be completed. However, senior management have requested that the reviews of the Leisure Contract, External / Partnership Funding, Transport and the new Car Parking arrangements be deferred and included in the 2010/11 Internal Audit Plan, for the following reasons:

- A review of the Leisure Contract was included in the 2008/09 Internal Audit Plan but the report was only finalised and issued in quarter 2 of this financial year. There were no key control issues.
- The £1million external funding in respect of the Local Strategic Partnership, for which the Council will be the Accountable Body is not expected to be received prior to February 2010.
- The Head of Streetscene Services advised that as there are several projects currently ongoing within Transport, it would be more beneficial if this review was undertaken in 2010/11. In addition, he requested that the new car parking arrangements be deferred to enable them to be embedded before an Audit review was undertaken.

All the audit assignments undertaken to date are on or around budget with the exception of Asset Management/Estates, Housing Grants and the Residual Work from 2008/09. In respect of Asset Management / Estates, additional work was required to verify that all income had been received. For Housing Grants, the additional time was spent on mapping out the system for grants for minor works, boiler replacement, electrical rewiring and loft/cavity wall insulation. All of which were new areas of review for Internal Audit this year. The overrun on the Residual Work from 2008/9 was reported at the last meeting.

Appendix 2 provides more detailed information on the audit work undertaken since the last meeting.

Internal Audit Performance

Appendix 3 provides information on Internal Audit performance as at the end of November 2009. The performance indicator set in this table is based on recent work undertaken by the UK public sector audit agencies plus service user and staff consultation.

The majority of the measures are on or around target. Explanations are provided in the table.

Other Developments

In September, a member of the Team was successful in her application to join the Help Desk Team within Information Services. Whilst this could have impacted on the delivery of the Audit Plan, the deferral of those audits mentioned above has allowed us to manage the situation.

The consultation and risk assessment process for the production of the 2010/11 Internal Audit Plan is progressing. We will explain and consult members on this at the meeting.

IMPLICATIONS OF REPORT

The matters raised in the report are cross cutting and impact upon individual services and the council as a whole.

WIDER IMPLICATIONS

In the preparation of this report, consideration has been given to the impact of its proposals in all the areas listed below, and the table shows any implications in respect of each of these. The risk assessment which has been carried out forms part of the background papers to the report.

<i>FINANCIAL</i> There are no financial implications arising directly from this report.			
LEGAL	The Interim Report is a requirement of the CIPFA Code of Practice for Internal Audit in Local Government (2006).		
RISK	The full risk assessment forms part of the background papers to this report.

KEY TO CONTROL RATINGS

Substantial	The Authority can place sufficient reliance on the controls. Only minor control weaknesses exist.
Adequate	The Authority can place only partial reliance on the controls. Some control issues need to be resolved.
Limited	The Authority cannot place sufficient reliance on the controls. Substantive control weaknesses exist.

NOTE

The above control ratings relate only to the point in time when the final audit report was issued. They represent a historic rather than a current judgement as managers are charged with implementing corrective action plans to address the control issues raised. This is in turn supported by a programme of follow-up reviews by the Internal Audit Service.

Internal Audit Performance Indicator Table – As At 27th November 2009

	Local Performance Indicators	Target 09/10	Target To Date	Actual to Date	Comments
1	% of audit time utilised	100	65	56	Slightly under target as the majority of audit work to be undertaken by Lancashire Audit Services is scheduled for Q4.
2	% of planned time used	90	60	58	On target
3	% audit plan completed	92	61	50	Slightly under target as the audit work to be undertaken by Lancashire Audit Services is scheduled for Q4.
