Dear Mike

Planned audit fee for 2016/17

The Local Audit and Accountability Act 2014 provides for the introduction of a new framework for local public audit. Under these provisions, the Audit Commission closed in March 2015 and the Secretary of State for Communities and Local Government delegated some statutory functions from the Audit Commission Act 1998 to Public Sector Audit Appointments Limited (PSAA) on a transitional basis.

PSAA will oversee the Commission's audit contracts for local government bodies until they end in 2018, following the announcement by the Department for Communities and Local Government (DCLG) that it will extend transitional arrangements until 2017/18. PSAA's responsibilities include setting fees, appointing auditors and monitoring the quality of auditors' work. Further information on PSAA and its responsibilities are available on the [PSAA website](#).

Scale fee

PSAA prescribes that 'scale fees are based on the expectation that audited bodies are able to provide the auditor with complete and materially accurate financial statements, with supporting working papers, within agreed timescales'.

There are no planned changes to the overall work programme for local government audited bodies for 2016/17, bar the adoption of new measurement requirements for the Highways Network Asset.

CIPFA/LASAAC is expected to confirm, subject to consultation, that the 2016/17 Code of Practice on Local Authority Accounting in the United Kingdom will adopt the measurement requirements of the CIPFA Code of Practice on Highways Network Asset.

PSAA have determined that there is no reliable and equitable way of establishing the volume of additional audit work, and therefore fees required, at each applicable local authority to gain assurance over the new financial reporting requirements. Therefore, fees for the additional work identified by auditors in 2016/17 will be subject to approval by PSAA under the normal fee variations process. PSAA expect that 'the additional fees for a highway authority will be in the range of £5,000 to £10,000, where authorities are able to provide the information required, and the auditor is able to rely on central assurance of the models in use. Fees for

non-highway authorities with material highways infrastructure assets should be below £5,000 where the same conditions apply.

PSAA have proposed that 2016/17 scale audit fees (excluding work completed on the Highways Network Asset) are set at the same level as the scale fees applicable for 2015/16. The Council's scale fee for 2016/17 has been set by PSAA at £43,923.

The audit planning process for 2016/17, including the risk assessment, will continue as the year progresses and fees will be reviewed and updated as necessary as our work progresses.

Scope of the audit fee

Under the provisions of the Local Audit and Accountability Act 2014, the National Audit Office (NAO) is responsible for publishing the statutory Code of Audit Practice and guidance for auditors from April 2015. Audits of the accounts for 2016/17 will be undertaken under this Code, on the basis of the work programme and scale fees set out on the [PSAA website](#). Further information on the NAO Code and guidance is available on the [NAO website](#).

The scale fee covers:

- our audit of your financial statements
- our work to reach a conclusion on the economy, efficiency and effectiveness in your use of resources (the value for money conclusion)
- our work on your whole of government accounts return (if applicable).

As outlined above, the fee for any additional work in respect of the Highways Network Asset is not included in this fee.

PSAA will agree fees for considering objections from the point at which auditors accept an objection as valid, or any special investigations, as a variation to the scale fee.

Value for Money conclusion

The Code requires us to consider whether the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is known as the Value for Money (VfM) conclusion.

The NAO issued its guidance for auditors on value for money work in November 2015. The guidance states that for local government bodies, auditors are required to give a conclusion on whether the Council has put proper arrangements in place.

The NAO guidance identifies one single criterion for auditors to evaluate:

In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.

Certification of grant claims and returns

The Council's indicative grant certification fee has been set by PSAA at £7,128. This fee covers the cost of certifying the housing benefit subsidy claim only and is based on final 2014/15 certification fees.

The indicative fee for certification work is based on the expectation that you provide the auditor with complete and materially accurate claims and returns, with supporting working papers, within agreed timeframes.

Assurance engagements for other schemes will be subject to separate arrangements and fees agreed between the grant-paying body, the Council and ourselves
