

REPORT TO	DATE OF MEETING
Governance Committee	23 rd November 2016

SUBJECT	PORTFOLIO	AUTHOR	ITEM
2016/17 Budget Management Statement (as at September 2016)	Finance & Resources	Susan Guinness/ Jane Blundell	6

SUMMARY AND LINK TO CORPORATE PRIORITIES

This report provides an update on the Council's overall financial position compared to the financial plan for the first six months of the 2016/17 financial year. The following items have been included:

- Revenue Income and Expenditure (Appendix One).
- Progress in respect of the Efficiency Programme (Appendix Two).
- Capital Expenditure (Appendix Three)

RECOMMENDATIONS

1. That the Governance Committee review, note and comment on the report and appendices.

DETAILS AND REASONING

The financial position as at 30th September 2016 shows that the projected out-turn is expected to be in line with the budget, however, this is based on the assumption that vacant posts will continue to accrue budget savings to the end of the year at the same level. The projected underspend is available to be vired to meet the additional support costs of the governance action plan which is expected to be a critical part of the Council's Annual Governance Statement to be approved in the next few weeks.

It should be noted that the budget plan has been deviated from significantly in that the Budget Efficiency Programme for 2016/17 will not be delivered in this year due to other operational matter impacting on capacity. This is an area identified for improvement as the budget deficit position continues to the end of the new MTFS period being 2017/18 to 2019/20.

The year-end position is based on a number of assumptions made with regard to expected spending patterns and levels of income received to the end of September. Income levels have improved overall, particularly in relation to: investment interest achieved by Shared Financial Services within the framework of the Treasury Strategy; property rentals and planning applications. With the exception of Building Control, other key income budgets are broadly on target.

Also with regard to the current financial forecasts, this should be considered in the context of the continued budget gap contained within the Council's Medium Term Financial Strategy to 2018/19 and the uncertainty of future levels of funding and increased financial risk including potential fundamental changes to New Homes Bonus and the Business Rates Retention scheme. The current position is being closely monitored with particular regard to volatile budgets that are subject to fluctuation and therefore present a higher risk, with updates being reported during the course of the year.

The Capital Programme spend is detailed in Appendix Three by project and shows spend to date, forecasted spend to be achieved by the end of the year and projects that will be re-phased into future years.

WIDER IMPLICATIONS

In the preparation of this report, consideration has been given to the impact of its proposals in all the areas listed below, and the table shows any implications in respect of each of these.

FINANCIAL	The financial implications are contained within the report and attached appendices.		
LEGAL	None.		
RISK	Risk is identified in the report. The main risk area is the inclusion of assumptions with regard to spend profiles and external influences that will impact on the equivalent performance (that is, out-turn performance) against the full year budget. Therefore any conclusions drawn from the contents of the report should be treated with some caution at this stage of the year.		
THE IMPACT ON EQUALITY	This report is not considered to have any adverse impact on equality.
