Item 1: Proposed Club Membership Rules

Item 2: British Disability Darts – Letter of Support

Merryn, Towednack Road, St Ives, Cornwall, TR26 3AL
07881801998

Dear Mr Byrne

further to our conversation with regards to creating an accessible venue for disabled players. Can I commend you in your plans, as an organisation which encourages those with disabilities to play darts any new venue which looks at the accessibility issues and plans to encourage disabled players to play the sport they love is certainly we can only wish you luck with your plans. We do find it a struggle to find suitable places to play especially when we have a larger number of players with a wide range of disabilities to accommodate.

We would certainly be interested in using your venue once ready to hold some competitions when we are in your area. Please keep us advised as to how your project progresses.

Yours Sincerely

Mrs S E Smale
Chairman

Item 3: World Disability Billiards and Snooker Letter of Support

World Disability Billiards and Snooker
75 Whiteladies Road
Clifton
Bristol
BS8 2NT

Dear Ged Byrne,

Thank you for your email regarding your plans for a new snooker venue and your intentions to make this venue completely accessible for wheelchair users to play cue sports.

Obviously, World Disability Billiards and Snooker (WDBS) cannot make a judgement on suitability of planning permission applications, however we can say that there is a shortage of facilities that offers cue sports for people who are wheelchair users. With a large number of clubs being on first floors above retail units with no lift access. WDBS would support any facility to be more accessible and to encourage people with any disability to play cue sports.

Snooker is an inclusive sport and can give great opportunities to people with all kind of disabilities. WDBS wish you luck in your application.

Please keep us informed of your progress

Chris Homby

World Disability Billiards and Snooker Company Secretary
