

Planning Committee Update Sheet – 5th July 2017

Item 7

Planning Application 07/2016/1171/FUL – Land at Liverpool Road/Cop Lane, Penwortham

1. Two late letters of objection have been received highlighting traffic issues, character, the presence of other foodstores in the area and potential better uses of the site. These issues are already referred to in the Committee report.
2. An administration oversight resulted in the covering email/letter of one objection being registered but not an attached file which included specific points of objection. The attachment has now been uploaded to the Public Access system. Objection was raised on grounds of pollution, road safety, highway issues, parking, and the impact on the conservation area and local businesses. These issues are already referred to in the Committee report.
