TITLE	REPORT OF
Corporate Strategy Refresh	Interim Chief Executive

Is this report confidential?	No
------------------------------	----

## PURPOSE OF THE REPORT

1. To provide Scrutiny Committee members with an update on the refresh of the Corporate Strategy and an opportunity to comment on the draft vision, priorities and long-term outcomes.

## RECOMMENDATIONS

2. That Scrutiny Budget and Performance Panel note the report and provide comments or feedback on the draft to inform the next stage of development.

## CORPORATE OUTCOMES

3. The report relates to the following corporate priorities:

Excellence, Investment and Financial Sustainability	✓
Health, Wellbeing and Safety	
Place, Homes and Environment	

Projects relating to People in the Corporate Plan:

Our People and Communities	
----------------------------	--

## BACKGROUND TO THE REPORT

4. The Covid-19 crisis will fundamentally change the lives of our residents and the context in which the council operates. The council will need to make best use of its available resources to deliver services and support in a sustainable way. This presents an opportunity to review the current Corporate Plan, as the key strategic document setting out the council's vision and priorities, to ensure that it remains fit for purpose as we go forward.

5. Members of the Labour Group have completed a review of the vision, priorities and long-term outcomes that the council wants to achieve for South Ribble. The draft proposals are presented for consideration.

## VISION, PRIORITIES AND LONG TERM OUTCOMES

### Vision

6. The proposed vision is based on the current version as it remains reflective of the aspirations of the administration and the commitments made when elected. The word 'accountable' has been incorporated to reflect recent governance and transparency improvements.

***A healthy and happy community, flourishing together in a safer and fairer borough that is led by a council recognised for being innovative, financially sustainable and accountable.***

### Priorities

7. The four areas of priority to guide delivery activity and investment for the council are:
- ***An exemplary council***
  - ***Thriving communities***
  - ***A fair local economy that works for everyone***
  - ***Good homes, green spaces, well places***

### Long term outcomes

8. The following table shows the long term outcomes aligned to each priority. The long term outcomes should describe the results if the strategy is delivered successfully.

## **NEXT STEPS**

9. The next stage of the development process will focus on identifying the projects that need to be delivered over the next 12 months to progress the strategy and the key performance indicators that will help us to know whether we're on track.
10. Feedback on the draft vision, priorities and long term outcomes so far has highlighted the need to make the strategy as clear as possible in terms of the language used and then to focus on delivery by translating the strategy into action on the ground.
11. A visual version of the strategy will be prepared using council branding in an easy read format. The strategy will be presented for approval by Council on the 30<sup>th</sup> September 2020.
12. Members of the committee are asked to provide their feedback on the strategy so far and any comments on the next steps.

## **CONSULTATION CARRIED OUT AND OUTCOME OF CONSULTATION**

13. The strategy has been informed by the findings of the resident satisfaction survey carried out earlier this year.

## **AIR QUALITY IMPLICATIONS**

14. The strategy will include reference to the green agenda and highlight this as a key priority for the council.

## **COMMENTS OF THE STATUTORY FINANCE OFFICER**

15. The revenue budget and capital programme will be aligned with the agreed corporate priorities and projects.
