BACKGROUND TO THE REPORT

6. The Section 182 Guidance issued under the Licensing Act 2003 provides an overview of the requirements involved when creating and revising Licensing policies. The following extracts are taken from the Guidance;

14.2 Section 5 of the 2003 Act requires a licensing authority to prepare and publish a statement of its licensing policy at least every five years. Such a policy must be published before the authority carries out any function in respect of individual applications and notices made under the terms of the 2003 Act. During the five-year period, the policy must be kept under review and the licensing authority may make any revisions to it as it considers appropriate, for instance in the light of feedback from the local community on whether the licensing objectives are being met. If the licensing authority determines and publishes its policy in this way, a new five-year period commences on the date it is published. Previously, licensing authorities were required to determine their licensing policies for each three-year period. Licensing policies published in respect of the three-year period that began on 7 January 2011 are to be treated as though they apply to a period of five years beginning at that date.

14.3 Where revisions to the section 182 Guidance are made by the Secretary of State, it will be for the licensing authority to determine whether revisions to its own licensing policy statement are appropriate.

14.4 Before determining its policy, the licensing authority must consult the persons listed in section 5(3) of the 2003 Act. These are:

- the chief officer of police for the area;*
- the fire and rescue authority for the area;*
- each local authority's Director of Public Health in England (DPH)¹⁴ or Local Health Board in Wales for an area any part of which is in the licensing authority's area,*
- persons/bodies representative of local premises licence holders;*
- persons/bodies representative of local club premises certificate holders;*
- persons/bodies representative of local personal licence holders; and*
- persons/bodies representative of businesses and residents in its area.*

14.5 The views of all these persons or bodies should be given appropriate weight when the policy is determined. It is recognised that in some areas, it may be difficult to identify persons or bodies that represent all parts of industry affected by the provisions of the

The published date of the current policy is 25th March 2015 so this policy will expire on the 25th March 2020.

PROPOSALS (e.g. RATIONALE, DETAIL, FINANCIAL, PROCUREMENT)
