Dear Tasneem,

Please see below an email from Anthony Whelan at Tesco confirming that the Public Notices were displayed on 2 October 2020, please note that the photos are date stamped to confirm this.

If the below section of the S182 Guidance could also be placed before the Committee:

“8.81 It is the responsibility of the applicant for putting the notice up, however licensing authorities should consider where the signs should be placed and advise the applicant where appropriate, to ensure people will see them, in particular if an application is likely to be of interest to the public. As prescribed in regulations, licensing authorities must also place a notice on their website outlining key details of the application as set out in regulations, including:

- the name of the applicant or club;
- the postal address of the premises or club premises;
- the postal address and, where applicable, the internet address where the relevant licensing authority’s register is kept and where and when the record of the application may be inspected;
- the date by which representations from responsible authorities or other persons should be received and how these representations should be made; and
- that it is an offence knowingly or recklessly to make a false statement in connection with an application and the maximum fine for which a person is liable on summary conviction for the offence.”

Yours faithfully

Hi Hardish,

I can confirm the notices where put up on display on the 2nd Oct 2020. I placed one near to the site entrance and one further down cope lane toward the bus stop. I have both picture attached which show the date and time stamp of when they where taken.

Appendix 4

At this same time I introduced myself to both the gate keeper and the project manager and explain what I had displayed and asked them not to remove.

I checked these posters where still in place over the 30 day period 4 time a week on my daily commute. Only once did I have to replace a poster which was then pinned in place as it had fallen off.
