Hello,

Please can you direct the message below to the relevant department. It is from a resident who left a comment on our Facebook page.

The issue is regarding noise levels from the Hunters Pub.

I would like feedback so I can respond to the resident.

Thank you,

Councillor Damian Bretheron

That's ok re the seating outdoors but what we're concerned about as someone who live on Bellis Way, 0.3 miles away from the Hunters is the noise level from the Hunters each Friday, Saturday & Sunday afternoon. If we can hear it loud & clear from Bellis Way then I feel sorry for the residents on Hannel Lane who live adjacent. Is there anything that can be done regarding the volume? I have complained to SRBC & they sent an inspector, after 9.30pm on a wet weekend rather than 6pm on a sunny weekend.
