Subject: Purchase of a new weed control quad

Decision: To approve capital expenditure of up to £8,000 for the purchase of a new weed control quad.

Details and Reasoning:

The current weed control vehicle is over 5 years old and is due for replacement as part of the capital replacement programme.

A procurement exercise has been carried out inviting 4 companies to quote. This is a small value procurement for which the Director of Neighbourhoods, Environmental Health and Assets can award the contract.

Wider Implications (including Financial, Legal, Equality and Risk):

Financial
The capital cost of up to £8,000 is contained within the Councils capital programme. The revenue costs for any financing, operating and maintenance is included in the service's revenue budgets.

Legal
The Council will be bound by the terms and conditions of any contractual documentation entered into with the supplier of the equipment and of any leasing agreements.

Equality
There are no equality issues arising from this report.

Risk
Should the new machine not be purchased the Council will be unable to effectively deal with weed control.
