Julie / Simon

As requested a list of steps we discussed at our meeting on the 12th January

- All door supervisors to wear high-vis vests
- Half hour walkthrough ID checks (recorded)
- Toilet checks to be made every 30 minutes (recorded)
- 2 new cameras to be fitted, one in the entrance area and one in the beer garden to cover the fence and smoking shelter to the front.
- 1 increased door supervisor to remain in the beer garden
- More taxis have been requested at 2 am
- All external benches removed to limit lingering on dispersal
- A drug safe was installed and random searches to be carried out throughout the night
- Bag checked on entry
- Challenge 21 to be increased to 25

This is along side the measures we already take

- Till ID check and refusal logs
- Door log of incidents, ID checks, refusals and ejected customers
- Incident reports
- All reports and incidents signed of at the end of the night
- Extensive staff training with training records
- Challenge 21 changed to challenge 25
- And random ID checks and searches all logged

Railway ID Policy

1. Every customer is ID'd

Every potential customer is asked to prove that they are aged 18 or over when they attempt to purchase alcohol. This will be prompted on every Till.

If a potential customer is unable to provide sufficient proof of their age he/she is declined service.

Strict adherence to this policy is required at all times; in exceptional circumstances the staff can revert to the challenge 25 policy.

Only the production of proof of age documents specified by law will satisfy the purpose of the age verification policy, these are:

1. A Passport
2. A European Photocard Driving Licence or
3. A prescribed other document (the only one of which is currently a photographic identity card of a type approved by the British Retail Consortium for the purposes of its Proof of Age Standards Scheme (PASS card) (Sale of Alcohol to children and Young Persons (Scotland) Regulations 2007).
4. Citizen card

If in doubt as to whether the ID used corresponds to the user a request should be made for a second form of ID or a corresponding Bank Card. Caution should be used with bank cards, if still in doubt entry should be refused.

Use of social media to verify ID should only be used in exceptional circumstances.

2. How to spot a fake ID

- 1) Feel the edges. A 30 mil PVC card, which is what most legit IDs are printed on, will have smooth, uniform edges. Because forged IDs are printed on simpler pieces of laminated paper, though, they'll be rougher and perhaps even coming apart. Bend the edge of the ID slightly. If it's real, you won't see the layers give or buckle. If it's fake, the laminated layers might start to come unglued.
- 2) Look at the foils or holograms. If you turn the ID in the light, any holograms, foils or background outlines should flash in and out of vision. They should not be consistently bright. Most of these images will feature the state crest, state shape, or state name. Keep your eyes peeled for any images or emblems that look less than official.
- 3) Compare the holder to the ID. Does the person presenting the ID actually resemble the picture? Or does he resemble the picture too closely? Here's what to look for:
 - If the holder is wearing exactly the same clothing and hairstyle as the photo on the ID, be suspicious. The ID might have been made hours before.
 - Look for slight differences in facial features. People often present the IDs of close family members as their own.
- 4) Ask the holder for a detail from the ID. If he or she has stolen someone else's ID, they might not remember smaller details. On the other hand, if this person has manufactured a fake ID, they might recall the details too well (for instance, giving a 9-digit ZIP code instead of the standard 5-digit one). Here are some good details to ask about:
 - Address
 - Place of birth
 - ID number. If the holder can rattle this off, it's probably fake — almost no one memorizes their driver's license ID number.
- 5) Ask for additional photo ID. A lot of fake IDs are legitimate, state-issued IDs that were lost, stolen or transferred. If that's the case, the holder won't have any additional ID as backup.
- 6) Look for signs of anxiety. If the holder is avoiding eye contact, asking for the check quickly, or otherwise looking nervous, be suspicious.
- 7) Scan the ID. Forged IDs often have real magnetic stripes, but the equipment to encode these stripes is expensive. Consequently, most forged IDs will not scan.

It is a criminal offence to sell alcohol to persons under 18.

If a sale is made to a person under 18, the person buying, the cashier selling, the designated premises supervisor and the owner of the business commit an offence.

The retailer's licence to sell alcohol may be at risk.

It is also an offence for any person under the age of 18 to sell alcohol without direct supervision from a duly authorised person. It is an offence to supply anyone under 16 with liqueur chocolates.

Penalty

The maximum penalty for these offences is a fine of £5000.

If there are two sales in a short period, a Review of the premise licence may be called for and the Licensing Authority may revoke the licence.

3. Unsuccessful attempts

Doormen to radio rest of town (town radio) where possible about the unsuccessful attempt and then ID is to be handed back to the customer and recorded for our records.

4. Challenge 25

Railway operates with a challenge 25 policy, where it appears to the doormen that the customer may be under the age of 25 years, they are required to ask them for identification to prove that they are over the age of 18 to enter the premises.

If you are lucky enough to look under 25 you will be asked to prove that you are aged 18 or over when you enter the venue and buy alcohol. If you are under 18 you are committing an offence if you attempt to buy alcohol.

5. Evening ID Process

Persons under the age of 18 are permitted in the venue until 9pm. The first doormen in at 8pm will do a walkthrough asking all customers for ID. Anyone underage will be informed of our policy and will be asked to leave before 9pm. 15 minutes prior to 9pm the doormen will repeat the process escorting anyone underage off the premises.

Railway Dispersal Policy

1. Dispersal Policy

1. The venue recognises the need for a comprehensive and considered dispersal policy to avert potential disorder and disturbance at the end of the night. The following policy outlines the steps necessary to minimise this potential risk and ensure a safe, orderly and quiet egress by customers.
2. Railway recognises that it has responsibility for the dispersal of customers as outlined in protégés dispersal policy.
3. Railway recognises the importance of a managed and orderly end to the night and as such will endeavour to ensure that all customers leave the premises and the designated area of control without causing disturbance.
4. Ensuring that this policy is adhered to is the responsibility of the DPS/General Manager
5. There will be a 45 minute run down period commencing 45minutes before closing time to be operated as follows:
 - a. During the final 45 minutes customers will be politely encouraged to leave gradually over the course of this period and not herded out when licensable activity ceases
 - b. 40 minutes before closing time the tempo of the music is reduced;
 - c. 40 minutes before closing time smoking area is closed;
 - d. 35 minutes before closing the volume is lowered to 50%
 - e. 30 minutes before closing the music will stop.
 - f. 30 minutes before closing time sale of alcohol ceases;
 - g. 30 minutes before closing time bar lights are turned up;
 - h. 30 minutes before closing time all house lights are turned on;
 - i. 15 minutes before closing all drinking vessels will be collected of customers

6. ~~Customers will be asked to leave the venue in a quiet and responsible~~ fashion. This will be indicated by both clear signage near relevant exits and staff announcements.
7. Any customers found loitering in the designated area of control will be asked politely to leave quietly. If conflict develops, staffs are to contact the authorities.
8. Customers are forbidden from taking alcohol or glassware off the premises. This will be indicated by both clear signage near relevant exits and staff

- announcements. Door supervisors are on duty and will have particular responsibility for ensuring that no alcohol or glassware leaves the premises.
9. Details of public transport and taxi services will be available to customers, either with signage or by door supervisors. Customers will be encouraged towards nearby taxi ranks.
 10. Cleaning equipment will be kept within reasonable distance of exits to ensure that any litter is cleared as soon as practicable.
 11. Notices will be displayed asking customers to respect our neighbours.
 12. If staff are required to contact the authorities, all incidents will be logged in accordance with the venue's policies and the terms of its licence.
 13. Door staff will stay an additional; 15 minutes if needed after closing to ensure the area is dispersed correctly.

Saturday	
Expected numbers	>200
Minimum doormen	2 before 10pm Additional doormen to start at 10pm we will end up with 5 doorstaff
Notes	<ul style="list-style-type: none"> • extra doorstaff available from surrounding venues. • 1 door staff will be permanently located in the smoking area from 10pm

Railway Drug Policy

1. Drug Policy

The Management operate a policy of zero tolerance to drugs. Persons found in possession, or suspected to be under the influence of a controlled substance will be ejected from the premises.

Persons who appear to be intoxicated, abusive, and argumentative or who demonstrate signs of anti-social behaviour will be asked to leave the premises.

If a member of staff believes anyone is under the influence or supplying drugs they must make it known to the nearest door supervisor or management.

1.1. Searching Customers

Suspected customers will be searched by a minimum of two or more door supervisors/management (one of them being the same sex as the customer); this will be done at the nearest fire escape in view of CCTV.

1.2. Confiscating Drugs

Small quantities of drugs will be seized and stored in our drug safe. These will be recorded, and labelled.

1.3. Confiscating Drugs

Any large quantities of drugs will be seized, and then will be recorded and stored in a safe location and reported to the police.

I am PCSO 7574 COLL of Lancashire Constabulary, currently based at Preston Police Station. This is a statement of dealings I have had at the RAILWAY pub, 1 PRESTON ROAD, LEYLAND, PRESTON, LANCASHIRE PR25 4NT.

I have had many of dealings with the RAILWAY whilst being a Special Constable 9483. On the 24th JULY 2017 I Arrived at the RAILWAY to a groups of males fighting outside. All individuals had been kicked out of the pub onto the front, they were blocking the highway and there was no assistance from the door staff or staff from the Railway helping disperse them. There was groups fighting and the door staffs weren't helping, one was stood in the doorway and the tall one began to throw punches at a drunk male. Once all was under control and the door staff had shut the doors at 02:30, a male came over with his finger sliced in half. He explained he had been kicked out of the pub earlier for fighting and had climbed back over the fencing at the back to get back in. At the end of the night he didn't want to walk out pass the door staff so he climbed back over the mental fence and this caused his injury. As I was assisting the male with first aid whilst awaiting the ambulance arrival, I asked Kelci MAWDSLEY who works and lives at the Premise for their first aid box, as it would have more equipment then the one on my belt. Her reply was for me to "FUCK OFF". She wasn't on duty that night and had been drinking in the premise, once the premise had closed MAWDSLEY and some of her family were staying in for a lock in.

I went into the premise for a walk through for underage drinking, 3 females were found in the back outside of the pub. They had got in before 8pm as they knew the door staff were on from that time and wouldn't get in. When I did the walk through I spoke to the door staff before I went in and they said they had done a walkthrough of the pub at the start of their shift for anyone underage.

RESTRICTED (when complete)

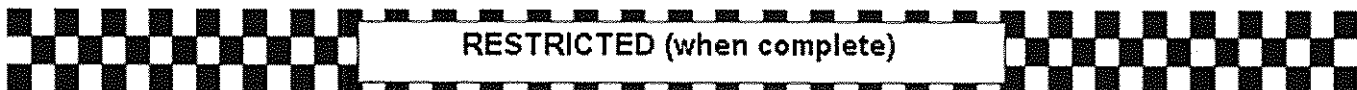

I have done many ASB shifts around LEYLAND on a FRIDAY night and this included sitting outside the railway as part of night safe from 2-3am. I have witnesses disorder, glasses left and smashed over the pavement, many walk out of the pub with bottles of wine. The door staffs don't assist with dispersal; they just get everyone out of the pub for 02:30 and shut the doors leaving people still blocking the highway.

I have attended the premise on licensing visits, on one of my first visits I attended and Lee was the DPS; Danny Alderson introduced himself to me as Lee. Other licensing visits I have done, the door staff book wasn't in order and it wasn't being signed off by the person in charge that night, they failed to record incidents and people being kicked out. A CCTV camera wasn't working, having attended to collect footage of an assault the camera covering the assault wasn't working. Whilst looking through the CCTV they had been serving alcohol after 2am on the weekends.

I fully support Licensing on taking this premise to a review.

To Whom It May Concern,

I write to you with supporting evidence for the licensing review taking place at The Railway, Leyland

I am an ex-barmaid of the premises and currently working with ACAS to try and establish early conciliation with the business in question. During my time working for The Railway, there was a lot of red flags brought to my attention by the business.

Firstly, the reason I am going through early conciliation with ACAS is due to; the business making unlawful deductions from mine and members of staff wages, underpaying me for hours I had worked and refusal to give accrued holiday pay upon dismissal. I have also had problems with the owner in the past, as he commissioned me to create a logo for another one of his pubs as I am a trained graphic designer (Old Oak, Penwortham) then refused to pay me for half my hours worked, until months later and after me telling him I would take him to small claims court - he then got another designer to produced a ripped off version of my work. The owner of this business, Daniel Alderson is not a reputable character and has the ability to con people.

This con man style attitude was shown to me back in August when I first started work for the business. A man from environmental health came in, asking to do a random health check due to complaints. However, Dan told the gentleman that the reason for the complaints was due to disgruntled ex-staff members, and Dan made out these staff members were lying. The gentleman left the premises and felt assured by Dan a check wasn't needed. Skip forward to a month or so later, and a barmaid saw a rat run behind the bar and down into the floorboards, I have also heard rustling in the stock room while nobody was in there. When the rat was noticed inside the premises (while staff was inside) the pub should have been temporarily closed, however, no action was made and the business continued to serve food and drink.

The owner of the business Dan has also been known to make deductions from staff wages if a function has gone wrong and customers ask for a refund of the total cost. This happened at the end of November, and Dan took £50 from two barmaids one of which was about to go on maternity leave, and £80 from the cheff, to cover the cost of the functions failure.

The pub is also aware of the amount of under 18s which come in, and although I would personally ask for ID from each person, a lot of staff members don't and would serve anyone who comes in, to ensure they meet their targets. The owner of the business has mentioned to me that he knows there are people under 18 in there but hasn't made any actions to prevent it. Staff are also punished with the 'worst job' if they don't sell any shots in a night.

Furthermore, the management would consistently find small empty bags which previously contained drugs dotted around on the floor after the pub closed, but still make no effort to reduce the drug use within the pub on future nights. People would come to the bar who were blatantly on drugs with evidence around their nose and staff were just encouraged to turn a blind eye.

I hope this information is beneficial to your review as I firmly believe the review is the correct thing to do. As there are serious problems with the management in this pub and this is the reason for all the violence within it as well.

Please keep my name anonymous if using any of the evidence provided here in your case, as like I said I am working with ACAS to try and get release of monies owed for me and two other staff members and I don't want to anger the owners as I will have less chance of getting what I am owed then.

Feel free to contact me if you need any more information o

Hi Julie,

Couple issues at the Railway last night one being a guy on the roof who had previously been ejected for being DnD. He required police attendance as he was saying he was going to jump and as far as i am aware he has been sectioned but i cant confirm as this is just what management have told me. Problems just give me a call. I will forward on all the paperwork now.

Cheers

Hi Julie,

Saturday at Railway nothing to report. Making it over 21s and changing the music genre to make it more appealing to older and nicer clientele. Seemed to work a treat!

Any problems just give me a bell.

the matter was reported to police when they attended on licensing matters at the public house. door staff had detained the suspect and had identified her from cctv and staff accounts. the suspect denied she had not taken the handbag but found it. She initially refused details and gave false date of birth. she stated she had only had 2 drinks but was clearly intoxicated. the victim stated the money taken was 5 new 10 gbp notes rolled up. After being searched the suspect had on her 5 rolled up 10 gbp new notes. the suspect eventually handed the money to police which was returned to the victims daughter. the victim was heavily intoxicated and will be re contacted to see if a complaint is made. cctv has been viewed by police and requested.

Date and Time	01/02/2018 13:00
Description	VISITED PREMISE TO EMPTY DRUG SAFE. CONCERNED THAT DRUGS DOG OFFICERS HAD TOLD DANNY THAT THEY WERE ALLOWED TO KEEP AND DESTROY THE DRUGS THAT THEY FOUND SO HE LET TAMSIN TAKE THEM! HE STATED THAT SHE CARRIED HANDCUFFS AND ALSO HAD A POWER OF ARREST - ADVICE GIVEN! LONG CHAT ABOUT THE REVIEW AND HE STATED THAT PUNCH HAD ADVISED HIM TO GET LEGAL ADVICE AS THEY WOULD ONLY BE USING TLT TO REPRESENT THEMSELVES AT THE HEARING TO PROTECT THE BUSINESS AND WOULD BE USING HIM AS A WITNESS FOR THE POOR MANAGEMENT. DANNY IS GOING TO REMOVE HIMSELF AS DPS AND PUT ADELE HOLMES IN.
