| Objective   | Aim   | Status         | Update June 2023  |
|---|---|----------------|---|
| Implement Shared<br>Terms and Conditions<br>across Chorley and<br>South Ribble Councils | As around 50 percent of<br>the workforce is now<br>shared, the ambition is to<br>expand the shared<br>services terms and<br>conditions across the<br>workforce of Chorley and<br>South Ribble Councils<br>including non-shared<br>staff.    | In<br>progress | The programme to move to the new terms and conditions has now<br>started, with the Economic Development service on the new terms and<br>conditions, and reviews currently taking place for Neighbourhoods and<br>Waste (South Ribble) and Planning and Enforcement, to move the<br>services onto the new terms and conditions.<br>Moving onto the new terms and conditions will help to align conditions<br>across shared and non-shared staff and will offer benefits including an<br>improved offer to staff, helping to support recruitment and retention. |
| Transformation and Pa   | artnerships   |                |   |
| Further develop<br>performance and<br>programme<br>management systems                   | To continue to develop<br>the performance and<br>programme management<br>systems in relation to the<br>new shared policies and<br>frameworks that are now<br>in place and ensure that<br>they can provide robust<br>management information. | Complete       | Closed  |

| Review of<br>Performance and<br>Partnerships Resource | To review and implement<br>a new structure for the<br>Performance and<br>Partnerships team to<br>enable a business<br>partnering approach  | In<br>progress | A new objective has been identified for the review of Performance and<br>Partnerships resource. Proposals have been developed for the service<br>structure and are currently out for formal consultation to then be approved<br>by Executive Members.<br>The proposals aim to build on the development of shared performance<br>and programme management systems and frameworks, which have now<br>been embedded across the councils, and deliver a business partnering<br>approach. This will aim to provide service managers with advice and<br>guidance on projects, business planning and performance through an<br>intelligence led approach.   |
|---|--|----------------|--|
| Deliver HR<br>transformation phase<br>2               | To build on the<br>implementation of the<br>shared HR system by<br>moving to the HFX payroll<br>system and developing<br>additional modules to<br>enable full self-service<br>and additional<br>functionality. | In<br>progress | The roll out of the HFX time management system has now been<br>completed across both councils and is now being implemented to the<br>leisure companies. This aligns the system for time management across<br>both councils and enables greater functionality for managers.<br>Additional workstreams have been identified for the HR transformation<br>phase 2 to deliver further self-service, automation of processes and<br>additional functionality. These include the development and embedding of<br>personnel files within the HR Hub and a new manager dashboard to<br>provide easy access to information, alongside embedding and training<br>staff on the new HR processes across the organisation.<br>A recruitment system is currently out for tender and is due to be finalised<br>by the end of the year. The new system will offer an integrated end-to-end<br>solution for recruitment, reducing the amount of manual processing<br>required by HR and recruiting managers, and developing a streamlined<br>process which can offer an improved candidate experience and attract<br>talent to the organisations. |

| Governance   |  |                |   |
|--|--|----------------|---|
| Objective  | Aim  | Status         | Update June 2023  |
| Implementation of<br>corporate admin<br>process review | To review the<br>administrative processes<br>in corporate support to<br>enable efficiencies and<br>align processes across the<br>service.  | Complete       | Closed  |
| Develop support offer<br>for the Leadership<br>Team    | To support senior<br>management capacity by<br>developing a standardised<br>support offer for the<br>Leadership Team.  | In<br>progress | A suite of options has been developed to set out the expectations for<br>senior management support from the corporate support team. This will be<br>aligned with the new Heads of Service who are now all in post (as of April<br>2023) and the new director structure which is currently out for formal<br>consultation across the councils. |
| Legal and<br>Procurement<br>restructure                | To develop a single<br>operating model for Legal<br>services, delivering<br>improved service<br>resilience.<br>Upcoming vacancies in<br>the Procurement team<br>mean that there are also | Complete       | Closed  |

|  | opportunities to reconsider<br>the procurement structure<br>to ensure that it can best<br>meet the priorities of the<br>organisations.  |                |   |
|--|---|----------------|---|
| Undertake a review of<br>the Health and Safety<br>policies and<br>processes and align<br>where appropriate | To ensure that best<br>practice policies and<br>processes are in place<br>and standardised Health<br>and Safety policies are<br>applied where possible<br>across the organisations. | In<br>progress | A review into Health and Safety policies is currently ongoing with a<br>number of key policies now reviewed and aligned where appropriate.<br>These include manual handling, display screen assessment and lone-<br>working policies. Further work is being delivered on policies which are<br>specific to certain teams in line with the relevant service areas. |

| Communications and Visitor Economy    |  |                |  |
|---------------------------------------|--|----------------|--|
| Objective                             | Aim  | Status         | Update June 2023   |
| Create a tourism<br>strategy for SRBC | To create a tourism<br>strategy for South Ribble<br>to set out the approach for<br>developing the visitor<br>economy and tourism<br>offer. | In<br>progress | The South Ribble Tourism Strategy has now been developed and<br>approved by Cabinet.<br>The new strategy will ensure a strategic approach and future vision to<br>help develop and embed the visitor economy and tourism offer at South<br>Ribble. |

|  |  |                | The delivery of the strategy will form a key action for 2023/24   |
|--|--|----------------|---|
| Operation of two<br>historical buildings<br>across the borough               | To deliver the operation of<br>Worden Hall and Astley<br>Hall. This will include the<br>first full year of delivery for<br>Worden Hall and looking<br>at more opportunities to<br>generate income across<br>the Astley Hall site | In<br>progress | This action is new for 2023/24 and will monitor the shared museums,<br>tourism and culture team in their delivery of the operation of historical<br>buildings across the borough.   |
| Deliver shared events programme  | To deliver the events<br>programme as a shared<br>team.  | Complete       | The events programme for 2022/23 has now been successfully completed.   |
| Deliver the internal<br>communications<br>strategy including new<br>intranet | To create a shared<br>approach to internal<br>communications which<br>uses best practice to<br>improve staff engagement<br>and understanding of<br>organisational priorities.  | In<br>progress | The internal communications strategy and timeline for activity has now<br>been approved and work has started on delivering the new strategy until<br>Autumn 2023.<br>The new intranet has been launched for Chorley as the existing intranet<br>was no longer fit for purpose. The new site will now be expanded to South<br>Ribble. This enables greater self-serve for staff to share their own<br>communications and will also make it quicker and easier for the<br>communications team to upload new items. The new system allows for<br>better monitoring of engagement and interaction with posts and can be<br>accessed by staff through their work mobile devices. |

| Yammer, which acts as a form of workplace social media to share<br>information and celebrate success across the organisation, is also due to<br>be relaunched and widened across the councils. This will ensure that<br>everybody knows how to make best use of the internal communications<br>tools. |
|---|
| Other key actions to progress through the strategy will help to improve internal communications and include:  |
| <ul> <li>Looking at how we use buildings to share messages i.e.<br/>noticeboards</li> <li>Introducing a regular email for all staff to ensure key messages<br/>are shared at the same time</li> </ul>   |

| ICT   |   |          |   |
|---|---|----------|---|
| Objective   | Aim   | Status   | Update June 2023  |
| Consolidate the<br>management of line<br>of business<br>applications<br>including<br>procurement and<br>budgets within the<br>ICT service | To enable greater<br>integration and<br>interoperability between<br>systems | Complete | This has been completed with all relevant line of business applications now managed within the ICT service to ensure integration between systems.<br>This will now be replaced with an action to review current line of business systems through a rolling programme, working with teams to identify relevant specifications. Good progress continues to be made against this with NEC (document management), IKEN (Legal) and IDOX (regulatory services) all due to go live in September 2023. |
|   |   |          | Work is currently underway to standardise processes and ways of working across Councils to ensure the best use of technology and more efficient working practices.  |
| Consolidate post<br>room services and<br>the procurement of   | To ensure a consistent<br>approach, minimising<br>impact on business        | Complete |   |

| paper and office   | continuity and digital   |                | Customer Services are currently implementing a Hybrid Mail for post room   |
|--|--|----------------|--|
| stationery within the ICT service  | service functions  |                | services. This will allow for mail to be automatically sent out to residents from each council without manual printing and postage.  |
| Review paper-based<br>information across<br>the authority and<br>identify digitisation<br>requirements for the<br>authorities. | To ensure a consistent<br>approach, minimising<br>impact on business<br>continuity and compiling<br>will all relevant policies<br>and procedures.  | In<br>Progress | Work is ongoing with the digitisation of paper-based information across the<br>authority. Progress has been slower than anticipated due to illness within<br>the service but a plan is being developed to move this work forward at a<br>faster rate by identifying resource to support this work.   |
| Review the office<br>services role within<br>the structure   | To consider the office<br>services and<br>administration functions<br>that are currently carried<br>out in the ICT team for<br>South Ribble  | Complete       | Closed- the office services roll now sits within Corporate Support as part of their administrative processes.  |
| Review skills and<br>development   | To consider training needs<br>within the ICT service,<br>supporting the<br>development of staff and<br>ensuring the flexibility of<br>the service to adapt to<br>future changes.<br>There are several<br>apprenticeship, graduate<br>and development posts<br>within the structure which<br>will need consideration for<br>development needs<br>alongside other posts. | Complete       | Closed- All staff have taken part in skills and development conversations<br>through the performance review process. All staff have undertaken training<br>based on personal requirements with further training also scheduled.<br>ICT are currently interviewing for vacant posts and training needs for<br>successful candidates will be identified following interview. |

| Finalising the kit roll<br>out of all end-point<br>devices                    | Following on from the roll<br>out of end point devices,<br>old legacy kit now needs<br>to be returned to ICT in<br>order to remove all legacy<br>hardware and ensure<br>consistency across the<br>organisations. | Not<br>started | New action- this will be delivered over the next few months |
|---|--|----------------|---|
| Continue to improve<br>cyber security and<br>awareness across<br>the Councils |  | Not<br>started | New action- to be progressed over Q2-3.                     |
| Refreshed digital<br>strategy   | To refresh the digital<br>strategy following it's<br>completion at the end of<br>2023/24. This will be<br>reviewed and completed<br>in the last quarter of the<br>year.  | Not<br>started | New action- to be completed in Q4.                          |

| Customer Services             |  |                |   |
|-------------------------------|--|----------------|---|
| Objective                     | Aim  | Status         | Update June 2023  |
| Review policies and processes | Align policies and<br>processes to enable<br>efficiencies, consider best<br>practice and process<br>improvements | In<br>progress | The Council Tax Discretionary Hardship Policy was approved by both councils in May. The only remaining policy now to be reviewed is the Business Rate Discretionary Rate Relief Policy. |

| Review duty officers                             | To review duty officers<br>across front facing<br>'services to ensure<br>customers can access<br>specialists in key front<br>facing areas in line with<br>the principle established in<br>the management stage of<br>the review.           | In<br>progress | This is to be rolled out in line with training on the new Customer Access Charter.  |
|--|--|----------------|---|
| Create a shared<br>customer services<br>culture  | Both councils have a<br>similar customer services<br>culture and standards but<br>this should be aligned<br>where possible to enable<br>staff to deliver a consistent<br>customer experience<br>across both councils                       | In<br>progress | This will be rolled out in line with the Customer Access Charter. Options for<br>a training package including e-learning training are currently being<br>finalised.   |
| Develop a service<br>transformation<br>programme | To enable efficiencies to<br>be delivered across the<br>service and support the<br>customer services vision.<br>Staff development would<br>be delivered in line with<br>the transformation<br>programme and new<br>service model including | Complete       | A service transformation plan has been identified based on system and<br>process changes and training and service development. This is set out in<br>the table below and will form new actions for 2023/24. |

| individual development |  |
|------------------------|--|
| reviews.               |  |
|                        |  |

| Item   | Description  |  |  |  |
|--|--|--|--|--|
| Garden Waste<br>Review                             | The Garden Waste Review has resulted in improvements to processes and a proactive Direct Debit campaign to help manage capacity for the garden waste renewal for 2023. Workshops with staff have started to look at further improvements to be made for the process for 2024, analysing issues and challenges.   |  |  |  |
| Review of<br>Revenues and<br>Benefits<br>Processes | A review of Revenues and Benefits processes is currently being progressed in line with the Capita software to ensure that processes are streamlined and automated wherever possible. The new software for Capita was implemented in October 202 and processes are now being developed to align and streamline across the organisations. Staff from the service area are bein involved in workshops to map out the current processes to review improvements to be made. |  |  |  |
| Review of hybrid<br>mail and virtual<br>mail room  | Review of hybrid mail and virtual mail room for scanning and indexing incoming post. This automates the process of digi correspondence and records, alongside the printing and posting of outgoing mail. The virtual mail room is already impler at Chorley and is now due to go live at South Ribble.   |  |  |  |
| Telephony system                                   | A review into shared telephony has now been completed with the implementation of the new Enghouse cloud-based system.<br>This is now moving into phase 2 of the implementation which will look to introduce new customer contact channels such as<br>webchat and functionality to measure customer satisfaction.   |  |  |  |

| Property and Development |     |        |                  |  |  |
|--------------------------|-----|--------|------------------|--|--|
| Objective                | Aim | Status | Update June 2023 |  |  |
|                          |     |        |                  |  |  |

| Identify an interim<br>service workplan to<br>manage workloads<br>within the capacity<br>of the new shared<br>service and ensure<br>any new<br>responsibilities are<br>clearly defined. |   | Complete       | The new Head of Service has worked with managers to identify service priorities and develop a service business plan in line with the councils' business planning process.<br>Key priorities for the service currently include ensuing utility management procedures are fully in place, alongside bringing the Planned Preventative Maintenance Programme up to date and work on the key Corporate Strategy Major Projects. Work is now progressing significantly in these areas.  |
|---|---|----------------|--|
| Shared Services<br>induction and<br>development   | Develop a shared services<br>induction plan to support<br>the transition of the team<br>to a new shared service   | In<br>progress | A induction and transition plan is in the process of being delivered including<br>team building sessions and a listening day to identify key barriers for the<br>service and what they need to work effectively as a shared team. This has<br>led to further actions for the induction and development plan including 1:1<br>reviews to allow staff to identify individual training and development needs<br>within their roles, alongside regular whole service sessions to facilitate<br>team building and cross-team working. |
| Align policies and<br>processes as far as<br>possible, enabling<br>teams to work<br>effectively across<br>the councils  | Deliver refreshed policies<br>and processes that reflect<br>best practice and deliver<br>opportunities for<br>efficiencies  | In<br>progress | Work is currently taking place on refreshed utility management procedures<br>and aligned health and safety policies are now in place.<br>Next steps will be to identify further policies and processes that could be<br>reviewed and aligned, alongside a longer-term piece of work to develop a<br>strategic asset management plan.   |
| Implement a shared<br>case management<br>system for the<br>councils   | Providing a single source<br>of information, managing<br>scheduled works and<br>reviews more effectively<br>and delivering automation<br>of processes to reduce<br>administrative workloads | In<br>progress | A specification for a shared case management system has been prepared<br>alongside a project mandate and plan for implementation over a 18 month<br>period. This will include digitising and uploading all relevant records and<br>data. A decision around the contract provider is expected to be made in<br>July.  |
