# My Neighbourhood Plan 2018- 2019

## Western Parishes Neighbourhood Forum

This plan has been created in consultation with residents, public services and community groups.

A big part of bringing projects together is the input and involvement of the local community. The projects contained in this plan were highlighted by people who want to make the areas in which they live better.

The council is committed to delivering this plan. The Western Parishes Neighbourhood Forum is made up of councillors who represent the area, and is led by an annually elected Chair. They are supported by your local Community Involvement Officer, who works with communities and groups in your area to make things happen.

Every My Neighbourhood forum has a 'core fund' provided by the council - each year, the Western Parishes area receives £3500 to spend on local initiatives. For bigger projects, where there are links to Council's Corporate Plan, capital funds, such as Section 106 funding from developments may be available.

This plan is a living document which changes regularly - we are always looking for new project ideas. If you have any comments or queries, please do get in touch.

Neighbourhood Forums - public meetings to show progress on our projects - are held several times a year in community venues. Come along and meet your local councillors, and find out what's going on in your area.

More information about the forum, including when and where it meets, and its projects is available at: [www.southribble.gov.uk/myneighbourhood](http://www.southribble.gov.uk/myneighbourhood)
