

**Advance written question to Cabinet Member (Finance and Public Protection) -  
Councillor Matthew Tomlinson**

“How much of the budget is allocated to maintain council assets?

e.g

Playgrounds

Buildings

and Bus Shelters

The council is trying to get people to use public transport more. But the poor state of bus shelters does nothing to promote this, they are poorly maintained, have poor paintwork, windows missing or broken, lighting is not working, and dangerous electrics.

I have reported a number to neighbourhood services, they stated no budget was allocated. Therefore, these valuable assets fall into disrepair.

FYI the Bus stop just outside the civic centre was the one with dangerous electrics”.

Mr Lennon
