With the exception of two shared services posts to be reviewed in May/June 2019. S151 and MO responsibilities covered.
3	Developing leadership potential of the new senior team	In August 2017, upon the appointment of the Chief Exec South Ribble Borough Council undertook a review of the current operating structure with a view to ensuring operations in the future fully meet the Council's culture and delivery focus in the most efficient and effective way. Issues of the previous 2 years also needed to be addressed. The restructure of Senior Leadership and Management posts was proposed moving from a transactional structure to a transformational structure. External independent employee support was engaged by the Council to support managers who roles where affected by the proposed changes. The support provided was bespoke on an individual basis and in the context of the changes that took place. The council has developed a new leadership model based on the principles of high performing teams which we have co-designed with the leadership team, and branded it as 'Blended Working'. This new model centres around development of individuals, and is value based. there is a comprehensive programme in place to drive this through all levels of the organisation. The leadership model now drives through all recruitments made within the council. The recruitment approach developed has been externally validated by Veredus' Occupational Psychologists. Menrva has worked with Veredus (SRBC appointed external recruitment partner), to co-design the final recruitment programme design and run the recruitment Assessment. Leadership Development Programme 2018: South Ribble Borough Council are undertaking a transformational developmental change programme with a view to ensuring operations in the future fully meet the Council's culture and delivery focus in the most efficient and effective way. Operations are being restructured and recruitment for some Senior Leadership roles is continuing. The development support is focused on embedding the South Ribble Blended Way of Working within the Senior Leadership Team, with the Cabinet, Members and other Key Stakeholders and with Staff across the Council as a whole. Support is being provided for the Senior Leadership Team as a Group and as individuals as they develop in their new roles and start to transfer learning and embed a Blended Way of Working in their teams. The development approach to be informed by and directly aligned with the Cultural Mapping Work recently undertaken across the Council.		Complete - New leadership model in place and new ways of working fully implemented within senior leadership team. Culture mapping work complete and baseline figures in place. Member development programme progressing.

7	Improving internal communication and clarity with staff about the vision and next steps for transformation	<p>Cultural mapping process proposed by the staff feedback was to introduce a 'TLC' approach to communications. This represents a requirement that communication is timely, clear in language and consistent in message. There have been ongoing staff briefings with regards to any real time and significant staff communication e.g. shared services.</p> <p>We have in place key messages from the leadership team posted on Connect and through face to face team meetings. The CEO continues to have an open door policy introduced on her appointment in August 2017.</p> <p>A transformation space on Connect has been created by members of the extended leadership team and regular updates take place.</p> <p>The CEO has a blog.</p> <p>We have invested in ICT software communications solution (Attain) which will link direct to all staff .</p> <p>We have introduced an all staff distribution list.</p> <p>The council is also in the process of setting up a formal JCC with the unions, to contribute to the communications strategy.</p> <p>Transformation - an effective organisation sits transformation at the heart of its delivery model . the Council's approach to its corporate planning , and working up new and efficient ways of working is a responsibility of each and every officer in the council. To implement this , a cultural mapping exercise has taken place . out of this work, the leadership development work , and the creation of blended working, teams are encouraged to develop new ideas, and transformational service delivery options . The staff have developed a concept called "white space" which allows for new service models to be developed on the lean principles of providing effective services. Teams challenge themselves around service delivery .. and options are developed from a 'whole team' approach .</p> <p>the method of transformation , allows change to be embedded within teams, with teams taking ownership of the Change.</p> <p>The communication of this new way of working has been delivered through "Market street" sessions, where all staff have had the opportunity to discuss and debate transformation projects that have taken place, and all of the above communication forum detailed above.</p>	<p>'Cultural Baseline' – an understanding of where the organisation is now and how it could build on existing initiatives and be purposeful in developing its culture and engaging the workforce into the future.</p> <p>The Chief Executive wanted to co-create the design of the intervention.</p> <p>The key outcomes were:</p> <ul style="list-style-type: none"> - an independent observation of where the organisation is now, - observations on areas for focus to move the organisation forward - the 'What next?' <p>It was also agreed we would generate a quantitative 'baseline score' for where the organisation is now and the telling of the Story around where the organisation has been and where it is now.</p> <p>Shared services departments were briefed on 19th & 20th June 2018 and are ongoing.</p> <p>Key messages on Connect are bi-weekly for leadership team.</p> <p>Open door policy is actively used by all layers of organisation.</p> <p>Transformation section on Connect is updated as and when.</p> <p>The CEO blog is released as and when required. Investment in the ICT system Attain is to be rolled out in 18/19.</p>	Complete and implemented
