

## **South Ribble Borough Council**

### **Constitution – Article 17 – Key Decisions – General Exceptions**

This notice is to confirm that the Chairman of the Scrutiny Committee was informed on Friday, 8 March 2019 of the Cabinet's intention to consider an item on Air Quality in South Ribble at the next meeting of Cabinet on 20 March 2019.

The reason it was felt impracticable to give 28 days' notice on the Cabinet forward plan was due to the recent community concern associated with air quality in the Borough.
